How to Get Rich is different from any other book on the subject because Dennis isn't selling snake oil, investment tips, or motivational claptrap. He merely wants to help people embrace entrepreneurship, and to share lessons he learned the hard way. He reveals, for example, why a regular paycheck is like crack cocaine; why great ideas are vastly overrated; and why "ownership isn't the important thing, it's the only thing."

How to Make Money Jun 05 2020 Excerpt from How to Make Money: In Foreign Exchange and Foreign Bonds Extracts from Foreign Reviews and Opinions of "American and Foreign Stock Exchange Practice," etc. Sir Edward Holden, Baronet, M. P. (late Chairman of the London City and Midland Bank):-"Will be exceedingly useful to us." Journal of the Institute of Bankers (London).-"All those who have financial relations with other countries will give this book a hearty welcome, for, so far as we know, it is the only book in the English language dealing with the subject. It is not a legal treatise, but a handbook for the business man, and within its pages the author has contrived to condense an enormous mass of information. A comparative glance through the Company Laws of the chief commercial nations gives the reader much food for reflection... Details of almost every kind connected with the subject will be found in the book, including Bourse regulations, stamp laws, explanations of foreign terms, and a variety of other information." Truth (London).-"Will be useful to brokers, bankers, and business men generally, who have not hitherto had available any English work dealing with these subjects. In addition to an account of the regulations and practice of the leading Bourses, Mr. Greenwood describes the most important features of foreign company and partnership laws, and supplies information for the legal guidance of companies or firms opening works, branches or agencies abroad." Mining World (London).-"This work occurs to us as being somewhat unique. The author is an Accountant, and, having had large experience in foreign audits, is entitled to speak with authority. Copious notes as to the practice ruling on the Stock Exchanges of the Continent, America, &c., are given. Altogether, Mr. Greenwood has managed to compile a very informing volume, which should prove most useful to the investing public." The Secretary-London-(Official Journal of the Chartered Institute of Secretaries.)-"The legal formalities and the cost incident to placing securities on Foreign Bourses are the subject of frequent queries in the library of the Institute, and information is often sought by Secretaries of Public Companies which contemplate the opening of branches, works or agencies in foreign countries or the Colonies. Mr. Greenwood has clearly been at great pains in compiling from official sources the materials required in dealing with enquiries of this kind. A special feature of the book is a detailed account of the practice of the more important foreign Company Laws, in particular of the French, Belgian and German systems." Financial Review of Reviews (London).-"The book is well arranged. It should prove both popular and useful." About the
