The Sex Lives of Siamese Twins Oct 08 2020 When Lucy Brennan, a Miami Beach personal-fitness trainer, disarms an apparently crazed gunman, the police and the breaking-news cameras are not far behind. Within hours, Lucy becomes a hero. The solitary eye-witness, the depressed and overweight Lena Sorenson, thrilled by Lucy's heroism and decisiveness, becomes obsessed with the trainer and enrolls as a client at her Bodysculpt gym. It quickly becomes clear that Lena is more interested in Lucy's body than her own, and a budding fatal attraction takes hold. However, it's when Lucy imprisons Lena, and can't stop thinking about the sex lives of Siamese twins, that the real problems start. In Lucy and Lena, Irvine Welsh has created two of his most memorable female protagonists, and one of the most bizarre, sadomasochistic folie à deux in contemporary fiction. The Sex Lives of Siamese Twins taps into two great obsessions of our time--how we look and where we live--and tells a story so subversive and dark it blacks out the Florida sun.

Godless Americana Mar 01 2020 In Godless Americana, author Sikivu Hutchinson challenges the myths behind Americana images of Mom, Apple pie, white picket fences, and racially segregated god-fearing Main Street USA. In this timely essay collection, Hutchinson argues that the Christian evangelical backlash against Women's rights, social justice, LGBT equality, and science threatens to turn back the clock on civil rights. As a result of this climate, more people of color are exploring atheism, agnosticism, and freethought. Godless Americana examines these trends, providing a groundbreaking analysis of faith and radical humanist politics in an era of racial, sexual, and religious warfare.

New Technologies in Global Societies Apr 13 2021 Technological advancements in the West since the last millennium have contributed to global modernity. Technologies set conditions for the closeness of the nation-states and for the affinity of the global and the local. They are also penetrating everyday life, and even sometimes the body, producing radical social changes. Yet, arguing that new technologies bring a new life and a promising future to global societies remains a questionable thesis. This book attempts to explore the relationship between new technologies and global societies, to gain an understanding of how the positive as well as negative influences of technologies bear on global societies, how their practices of use are resisted or re-interpreted by these societies, and how their social meaning is constituted through the process of negotiation with these societies. Part 1 is on science, technology, culture, and the body; Part 2 is on new media and generations, and Part 3 is on information and communication technologies (ICTs) and work. This book has been selected for coverage in: Index to Social Sciences & Humanities Proceedings? (ISSHP?/ISI Proceedings) Index to Social Sciences & Humanities Proceedings (ISSHP CDRom version/ISI Proceedings)

Live Nude Elf Nov 28 2019 Live Nude Elf chronicles Reverend Jen's two-year stint as sex columnist for [nerve.com](#); she details her "sexperiments," ranging from harrowing (working as a live nude girl at "Wiggles") to embarrassing (fellatio school) to transcendent (reaching a mystical state through tantric sex). Along the way there is transvestitism, female ejaculation, opium smoking, and heartbreak. In the Rev's "art star" world, where a young bisexual boy named Orion has sex with a jar of mayonnaise, the more mundane acts of romance—kissing, buying dinner for a lover, and just making eye contact in the sack—become rare and subversive. The experiments, orgies, balloon fetish parties, a stint as the "lube girl" on a porn set, the "lab partners," and the late nights begin to wear on the Reverend, who craves normalcy, and the columns change their tone: Jen takes care of a friend's baby, navigates yuppie bars trying to snag a millionaire hubby, and dates a silver fox, "someone older, distinguished, wealthy, and simply grooving with the eternal now." After a decade of New York City affairs, Jen unexpectedly falls in love and must decide: Does the life required of an artist and a sex columnist preclude her from monogamous romantic love?

Ancient Obscenities Nov 08 2020 References to the body's sexual and excretory functions occupy a peculiarly ambivalent space in Greece and Rome

Eat Your Mind Dec 10 2020 The first full-scale authorized biography of the pioneering experimental novelist Kathy Acker, one of the most original and controversial figures in 20th-century American literature. Kathy Acker (1947–1997) was a rare and almost inconceivable thing: a celebrity experimental writer. Twenty-five years after her death, she remains one of the most original, shocking, and controversial artists of her era. The author of visionary, transgressive novels like *Blood and Guts in High School*; *Empire of the Senses*; and *Pussy, King of Pirates*, Acker wrote obsessively about the treachery of love, the limitations of language, and the possibility of revolution. She was notorious for her methods—collaging together texts stolen from other writers with her own diaries, sexual fantasies, and blunt political critiques—as well as her appearance. With her punkish hairstyles, tattoos, and couture outfits she looked like no other writer before or after. Her work was exceptionally prescient, taking up complicated conversations about gender, sex, capitalism, and colonialism that continue today. Acker's life was as unruly and radical as her writing. Raised in a privileged but oppressive Upper East Side Jewish family, she turned her back on that world as soon as she could, seeking a life of romantic and intellectual adventure that led her to, and through, many of the most thrilling avant-garde and countercultural moments in America: the births of conceptual art and experimental music; the poetry wars of the 60s and 70s; the mainstreaming of

hardcore porn; No Wave cinema and New Narrative writing; Riot grrls, biker chicks, cyberpunks. As this definitive biography shows, Acker was not just a singular writer, she was also a titanic cultural force who tied together disparate movements in literature, art, music, theatre, and film. A feat of literary biography, *Eat Your Mind* is the first full-scale, authorized life of Acker. Drawing on exclusive interviews with hundreds of Acker's intimates as well as her private journals, correspondence, and early drafts of her work, acclaimed journalist and critic Jason McBride offers a thrilling account and a long overdue reassessment of a misunderstood genius and revolutionary artist.

His Indecent Training Jan 29 2020 There was an uneasy feeling in my chest as I stared down at the submissive questionnaire that Damien Reed had given me. Learning about BDSM would put our relationship on a completely different level—a level I had wanted so badly since first setting eyes on him. Damien was handsome, dominant, caring, and still a complete anomaly to me. More than anything, I wanted to unravel his mystery—and become a part of it. This was the next phase of our relationship. The phase where I was more than just his student. The phase of commitment. But it came at a price. Many of my normal everyday freedoms would be stripped away. I would have to learn to obey his every command, to be at his beck and call. Not his girlfriend, but his submissive. In truth, I still wasn't sure it was what I wanted, but I would do anything it took to be close to him, and if this was the price . . .
